All the forces of the old machine and the party regulars and every Republican leader not allied with the progressives will get out and fight like fiends against the redheaded governor who is so strong in Kansas. The governor is a host in himself and he is in form for the fight of his life. He has an able lieutenant in J. N. Dolley and the square deal candidates for congress are the pick and flower of the

The funnel-shaped cloud carrying a cyclone will meet the hurricane. The red musketeers and the black will fight to a finish. The voice of the people will pronounce the winner. And the decision will be listened to closely by the rest of the nation, for it either will strengthen the insurgent movement to greater things next year or give it a mighty push down towards oblivion.

Congressman Charles Scott has returned to his home from Washington. In an interview in his home paper, the Iola Register, he is quoted in regard to the work accomplished by the last session of congress:

"Yes, it was rather a lively session," Mr. Scott continued in answer to the reporter's questions. "Personally, it was the busiest session I have ever had, and I think that was the experience of the members generally. At any rate and I think that was the experience of the members generally. JUST LIKE OLD TIMES.

Meeting of President Taft and Colonel Roosevelt at Beverly.

Beverly, July 1.—For a full minute President Taft and Col. Reosevelt stood on the broad veranda of the Evans cottage with hands upon each others shoulders while delight shone in every line of their smile-enwreathed countenances late yesterday afternoon. "Mr. President," it was Roosevelt who spoke and there was earnest

They patted each other affectionately on the shoulders. They ladghed in a way that left not a single lingering doubt as to the exuberance of their feeling. They seemed utterly oblivious of the fact that there were others present

ent.

"It used to be 'Mr. President' and 'Will.' didn't it" the colonel cried in his old familiar high pitched voce, 'but now it's 'Mr. President and Theodore." The two friends meeting after sixteen months of separation with all the warmth that used to characterize their association in Washington, slapped each other again on arms and shoullers.

When Col. Roosevelt was president and Taft was secretary of war the meetings of the two men in the executive offices at Washington always were characterized by the same cordiality. White House attaches who witnessed the greeting said it was just like the old days. There was a rapid fire of conversation. The meeting was everything that the friends of Mr. Taft have claimed that it would be. Col. Roosevelt still was in the spirit of the renewed association with the president, when, after two hours and twenty Roosevelt still was in the spirit of the renewed association with the president, when, after two hours and twenty minutes spent with Mr. Taft and members of his family he started back to Nahant to spend a second night with Senator Lodge.

As he was leaving the shaded grounds of the president's contage the colonel stopped to speak with several old newspaper friends from Washington.

"I had a most pleasant time with the president," he exclaimed. "There is nothing particular to say, is there, Cabot?" turning to Senator Lodge. "No, I think not," put in the senator. "We had a most delightful time and that is all there is to it," the colonel added.

"Be George look at these

Their heads were close together but scarcely a minute passed that their voices were not ringing with laughter. during the last sixteen months passed between the two men no one on the veranda other than the two friends themselves was permitted to know. There were so many peals of laughter-so many slaps upon the back, so much of cordiality that it was apparent that there had been not even a suggestion of the remotest conflict of views.

Col. Roosevelt was asked if he would visit Beverly and answered "I don't know that I shall."
